

## There are **Geocaches** [hidden](#) in Durland!!

Six **Geocaches** are hidden within Durland Scout Reservation for Scouts and Scouters to find! The caches are located using a GPS receiver (a.k.a. your phone), the coordinates, and clues provided for each cache. An encrypted hint is provided for some caches and can be “de-coded” using the table at the bottom of the cache information.

The rules are simple:

- If you take something from the cache, leave something for someone else to find. (Patches and other scouting-related items are good for trading at these caches)
- Sign the log book to record your visit to the cache.
- Re-hide the container just how you found it.
- Have fun!!

The caches are all hidden very close (less than 20 ft) from trails. Stay on trails as much as possible to limit your impact on the environment (Leave no Trace). As always, follow the rules for safe hiking when searching for these treasures!
